

SCHOOL OF ECONOMIC SCIENCE RECEIVES COMMON GOOD AWARD

The School of Economic Science (sister school to the School of Practical Philosophy) received the second Globalisation for the Common Good Initiative Award, presented in Paris on the 27th August 2013. The Globalisation for the Common Good Initiative is an international think tank guided by principles of hard work, commitment, volunteerism and service, with a great passion for dialogue of cultures, civilisations, religions, ideas and visions which recognises that our economic problems are closely linked to our spiritual problems and vice versa. It recognises that socio-economic justice, peace and harmony will come about only when the essential connection between the spiritual and practical aspects of life is valued and that it is necessary to discover, promote and live for the common good.
